Introduction to Budget Message

May 17, 2017

Port of Umpqua 2017-2018 Budget Committee Member:

Thank you for your service to the Port of Umpqua. The Commission appreciates your willingness to contribute your time, energy and expertise by participating in the public process of local government and help create a responsible budget for the Port.

The Port Financial structure and budget are found in 5 funds.

- ✓ **The General Fund** is the operating fund where most appropriations are made from and resources deposited
- ✓ **Maintenance Reserve Fund** established to save for general maintenance and repairs, now includes reserving funds to assist Salmon Harbor with dredging cost if it becomes necessary
- ✓ **Dock Reserve Fund** established for maintenance, repairs and capital improvements to docks
- ✓ **Capital Reserve Fund** established to provide for capital improvements and / or acquisitions
- ✓ **Operation Reserve Fund** for operations and maintenance

The document titled: Budget Message is presented to describe and explain line items on the budget; general fund. Each line number on the budget has a corresponding description in the message document.

An additional column is included on the budget document titled Current: Budget at 83% of year through April 2017 This will enable comparison to last year's adopted budget and this year's proposed budget and how each account has performed at 83% of the year.

Revenue derived from moorage fees at the Umpqua River Commercial dock is deposited directly into the Dock reserve fund as opposed to depositing into the General Fund and then transferring to the Dock Reserve Fund after fiscal year end. This provides the interest earned in each fund to compound in that fund.

Grant Funding Available under Special Payments may include grants to the city for the Main Street Façade Improvement Program and/or Marketing the local area, primarily to the Jordan Cover work force but to others as well.

The Port purchased, installed and is currently operating an Ice Machine at Salmon Harbor to assist the local commercial fishing fleet. The cost of the ice machine and infrastructure, electrical and refrigerator van was expensed from the Capital Reserve Fund. This project was anticipated to cost approximately \$140,000. To date the actual cost for the project is \$ 159,375 for machinery and infrastructure and \$12,230 for soft costs, permitting, legal etc. for a total thus far of about \$ 171,600. Total revenue at this point is \$5,757.

BUDGET MESSAGE

Fiscal Year 2017-2018

(TIP: The format of the budget message is such that it is best Understood by simultaneously referencing the budget document)

The Port of Umpqua budget for Fiscal Year 2017-2018, as proposed by the Budget Officer, has been prepared as directed by the Board of Commissioners and in accordance with Oregon Budget Law.

The Budget Officer prepared the proposed Fiscal Year 2017-2018 budget based on the following
